SUGGESTED ENVIRONMENTS

Food, painting and spraying, fibre glass and dust environment.

PLEASE NOTE:

- This garment is suitable for minimal hazards, and is not fluid resistant.
- This garment is not reusable – do not wash. Single use only.
- Avoid intense heat and direct flame, sparks and hot surfaces.
- Please conduct a visual inspection of the garment before use, to check for holes, defective zippers and material faults.
- Remove shoes / boots, jewelry, head gear and any other items that could damage the garment before putting it on.
- Please consider other safety equipment / PPE that may be necessary when wearing this garment, such as boots, respiratory protection, gloves etc.
- If you are using the garment in an area where there is a risk of prolonged exposure to chemical liquids or gases or fumes, rather consider using a Type 5/6 suit, or else a Type 3/4 chemical suit. These suits will give the user more protection against the risks of long-term chemical exposure.
